Letter From The Editor

Lights, Camera, Action!

Movies have affected all of us in a variety of ways. Because of the versatility of them and the array of people they can appeal to, I chose to make a production out of the class of 2006's yearbook, titled "Oh Six." We are the "Oh Sixers" of Grafton High. We are a class that the school will never forget. We are a good, fun class that I am proud to be a part of, and not only during spirit week (when G-town did, in fact, rain blue).

Watching movies was a critical part of our learning experience here at G.H.S. When a teacher announces that a movie will be shown in class, it is an exciting moment, a reason to celebrate even. That is, of course, until this happens during every single class period, because I know we have all had those teachers. Who knows, if we were still awake by the end of them, we might have even learned something.

Pop Quiz! But, don't worry, you're not being graded. Do you remember the first movie you ever saw at the theatre? (Even better, do you remember when movies did not cost a small fortune to attend?) I do. I saw 101 Dalmatians with my Uncle and each time Miss. Cruella Deville appeared on the screen, it was my cue to jump onto Uncle Dave's lap. Films bring out our best and worst emotions, our happiest memories and our most comical projects (Macbeth, anyone?).

I have enjoyed working on this yearbook and putting my own unique twist into this project, no matter how many hours I stayed after and how many times I felt more at home in the library than in my own bedroom. The yearbook staff, I know has enjoyed it as well. Who can forget Bingo at Seven Hills? I know I can't. These are times that we will never forget, and I would like to thank you for helping me out along the way.

Whether your dreams lead you to Hollywood, or to New York City like myself, I hope that each and every one of you live your life in the spotlight and dream until each of your dreams come true.

Much love, 'Oh Sixers

you believe all of the things we've come through together?
We've run the gamut of emotions, had our hearts broken and
mended, made friends and lost them, faced death and misery
and pain and we're all better people for it. Unfortunately,
we're going to grow apart and most of us will forget a lot
about each other, but we've all left an incalculable impact.
We've done the only thing that people can really do for
another, and that's help each other become who we are today.

As we mature mentally and spiritually, we contribute to the vitality of our school and community. I have greatly enjoyed helping the kids in Mrs. Barry's class with their schoolwork. I express lifelong interests in creative writing and exploration of God's magnificent creation on nature walks. As we grow, we learn to love God and one another, accepting His priceless gift of eternal life through Jesus Christ. We persist in living faithfully for His purposes, embracing each day with wonder and joy and becoming a blessing in the lives of others.

The most amazing thing that I've seen in my time are all the different people & all their different minds, & different ways, I'm glad to have known you all. I thought that we would last, become a little family. Then one, two, three, four, the years were flying by, they soared and it's my gut feeling, it's not happening for me, so let's end it on this. Thanks for a great four years, 'Oh Sixers. It's been rad, I love you all. Special thanks and much love goes out to Hot Lisa, Cool J & Franco for putting up with me. Let's stop and call it history.

Thankful that he's only been in one fight over these past few years, Nathanael is optimistic of his new life elsewhere but will remember these days with fondness (even the fight). He would like to say "hello" to each one of his friends, but there ain't enough space. Instead, he'd simply like to remind everyone to rock on and to always remember that Empire Strikes Back is better than Return of the Jedi. And for those not in the know: The answer to Life, the Universe and Everything is 42. Catch ya later.

High school is a very interesting and trying time for a teenager. This is a time where we are maturing and have new experiences. We all have to go through the hell that is high school but some make it out better than they came in. I feel that I have done just that and survived high school and am ready to traverse the gap of school to the real world. To my classmates, good luck with where your paths take you. To my close friends, keep on trucking. To my family, I will hold you close to my heart always and forever.

JUSTIN ROY ORNE

It's finally over! Even though I hated school I am definitely going to miss it. I'm going to miss seeing my friends every day. There were a lot of good memories and a lot of bad ones to. We'll definitely have to throw some party's next year to get everyone back together again. Good luck to everyone and I hope to see you all soon. I'm out...

These past four years I have commanded the halls, taking advantage of my impressive stature to ensure that my will was law. That's a lie, but sometimes I like to pretend it is true. Anyway, I wish to share my deep love for my fellow theatre nerds, and remind them that my house is always available for movie marathons, assuming they don't mind sitting close. Remember that I will always love you guys, even when you leave soda cans all over my house. Here's to being an us for once instead of a them - La Vie Boheme!

Oh to the good times at GHS, and the equally awful. From spandex adventures, to smiles, and burrito men, it was an excellent year. Then there was American Idol, many band concerts, painful meets, and of course AP Chem (oh the good old days). Now to my friends. Christina McKeon (scenario): "you are the wind beneath my wings" SMILE. Crystal: rev' up that chevy! TracEy: freakin' no! Matt: Hooters shorts. Chelsea: chicken nuggets. Alex: continue my legacy little one!

I will never forget Keith, Gauche, Dave, Jasper, Sarah, Tony, Danimal, Donald, Ashley, Scotty J, Kevin T, Boyle, Danielle, Marc, and especially my mom, dad, brother, Sondra, and Dorina. Baseball through the years have been unreal and after this spring we will no longer be a team on the field but a team at heart. Set the right example you never know who may be looking up at you. We will all move on in our lives but we will never forget the times. Peace Grafton High, remember Brian Vital.

Kristen,

You are truly loved and missed by everyone. No one will ever compare to you. We all find comfort being in the arms of an angel. Not a day goes by where we don't think about our best friend, who I know will never leave our side.

*#18 on the field
#1 in our hearts*

Well in the end, my friend, we will all be together again.

Your life filled the world with sunshine. Now you surely light up the heavens.

CAPTAIN CRYSTAL COONAN

Kalley Collette ready for the ball.

The Varsity Field Hockey team had one of its best seasons in a long time. Although the team did not finish first in the SWCL, they still qualified for the district playoffs by winning ten regular season games. They had a good seed for the tournament and started with a home field advantage against Northbridge. Then, they made their way to the second round and played at Quaboag. Even though they lost, they were so happy that there were a lot of fans who came to the game and that they even had the chance to play and are optimistic for next year.

The team was led by three senior captains- Crystal Coonan, Ryan O'Hara, and Tracy Howell. They worked together and helped the team to really come together to have a winning season. Everyone had a lot of fun. There were quite a few juniors on the team and a few sophomores who will make up a good team next year as well.

Hurricanes ravage the Gulf Coast region in the fall of 2005, posing an unprecedented test of the United States federal emergency response efforts. Hundreds of lives are lost and thousands are left homeless in the wake of Category 4 Hurricane Katrina, followed by Rita and Wilma. The tragedy spurs contributions of money, talents, homes, food and more in an attempt to raise spirits and rebuild the area.

August

- 25 Hurricane Katrina strikes Florida.
- 28 Mandatory evacuation of both New Orleans and Mississippi is ordered as Katrina becomes a Category 5 storm in the Gulf of Mexico.
- 29 Downgraded to a Category 4 storm, Katrina hits land. 1.3 million homes and businesses lose electricity in Louisiana, Mississippi and Alabama. 30 levees are breached, flooding New Orleans and leaving 100,000 people stranded. After slow government response, civil unrest and looting begins.

- 31 President Bush surveys the damage.

September

- 1 30,000 National Guard troops are deployed. Gas prices spike to as high as \$5 per gallon.
- 2 President Bush visits Louisiana and signs a \$10.5 billion relief bill. Nearly 154,000 evacuees arrive in Texas.
- 4 The New Orleans Superdome is evacuated.
- 6 President Bush and Congress pledge to investigate the flawed disaster response.
- 9 Government-issued debit cards are distributed to evacuees. The program fails and is ended days later.
- 12 Michael Brown, head of the Federal Emergency Management Agency, resigns. Flooding is down to 50 percent in New Orleans.
- 14 New Orleans Mayor Ray Nagin announces a phased repopulation plan.
- 15 New Orleans begins to reopen. Katrina is named the most destructive hurricane in U.S. history.
- 20 Louisiana Governor Kathleen Blanco declares a state of emergency as Hurricane Rita strengthens off the coast.
- 22 Rita hits the Louisiana coast and heads for Texas.
- 23 Thousands evacuate eastern Texas and the 9th Ward of New Orleans floods once again after levees are overrun.

October

- 24 Hurricane Wilma hits southwest Florida.
